Grade Level: 3 - 7

Customer Reviews

We ordered this as a gift to our children from their "Elf." I love how it walks through every step of Jesus's coming and birth, including the prophecies that lead up to the miraculous event. The kids really enjoyed shouting out the special phrase for each lesson, as well as placing the stickers in the appropriate place on the poster. I highly recommend this Advent Calendar to people with young children who want to focus on Jesus and the true reason for Christmas.

My children loved this book because of the stickers and the activities we did after each lesson. (age 9 and 7.) Some of the activity sheets were a bit challenging for my 7-year old to complete on his own, but if we worked on it together it was no problem. I recommend this book as a great way to walk your children through the true meaning of Christmas!

The book doesn't seem to be geared toward a specific age group, even though each reading offers a varied approach for a younger or older child. The activities vary quite a bit, some are too difficult for my kids to do and some are too easy. It's okay, but I'll be looking for another Advent book to do with my kids next year.

Great quality, absolutely wonderful product. If you want to teach your kids or grandkids about how events and people in the Bible relate to Jesus's birth, this is a wonderful way to do it. It has bible readings, prayers, and activities for young kids and older kids too.

This is such a great alternative to a traditional Advent calendar. Instead of a calendar, you get a poster that has great kid-friendly graphics and lots of bright colors. My six-year-old looks forward to reading the Bible verse and putting the corresponding character sticker on the poster each day. Highly recommend!

Journey to the Manger Advent Calendar brings the reason we have Christmas back in the minds of the younger children. It's filled with fantastic stickers that the child puts on the advent calendar each day. Included in the book is an activity guide letting the parent know what image the child puts on the advent poster and helps the parent discuss each bible verse. Each activity can be geared towards younger or older children. Other activities (that my grandson will love) are mazes, puzzles, and crossword puzzles. I love that the solutions are found in the back for the stumped parent or grandparent! This book helps make the holiday more meaningful and fun for children. Lessons that will be remembered for a long time. Great book and I know that it will be enjoyed!

This is a great Advent book for families with young children and elementary age children. There are daily devotions, activity suggestions, and puzzles. There is also a poster Advent calendar with a new sticker for each day. It is easy to use the Advent calendar and devotions in a way that fits well with your children's ages and interests. I used this book as a daily Advent devotion with my 6 year old daughter during the month of December. We both enjoyed it very much! My daughter's favorite part was the Advent calendar poster that went on the wall. She had fun finding the placing a new sticker on the poster each day as we counted down the days until Christmas.

This advent calendar is great! It has an easy to follow parent's guide with suggestions for younger

and older children plus engaging poster, stickers and puzzles/activities that go along with each day. All while teaching the real reason for the season and helping to center our thoughts on Christ. I totally recommend it! PLUS it can be used for several years if you manipulate the resources correctly. All around a great product from Tyndale and Focus on the Family (they never disappoint!).
