## **Customer Reviews**

Loved it. Totally worth your time and money. It got some good pictures, passing this book reference to my friends too.

I wanted to learn about how to play yu gi oh and this tot me how to play and showed me the best cards. I only have 3 cards and my best was atk/2000 def/2600 without magic cards but as I looked in the best cards section, mine was small compared to obolisk the termanator or bue eyes white dragon

at the end of the book is so funny and halaries read its so cool and the cards are overpowered the jokecards are way overpowered read it you'll love it

For Anyone who will play or has played Yu-Gi-Oh, this is all you should have to know to collect The Best cards and duel with Them so far in the game.

i think this book was very helpful it showed me how to use trap cards and magic cards correctly the joke cards were hailirius

This book is realy helpfull because if you are a beginer (like me) you would need to have this exact book.
