## Customer Reviews

This is a quick review and doesn't go into depth that much, but it is nice that it fits in my scrub pockets so I can study while working!

I use this book frequently. I keep it in my work bag so that I have access to it. Info is clear and to the point. Good tool for any nurse

good product

I bought this book as a gift for my step dad, who recently started CNA training. It fits easily into the pockets on his scrubs and is a good reference. Sorry I can't be more specific...
