Justice: Crimes, Trials, And Punishments

Synopsis

Dominick Dunne's mesmerizing tales of justice denied and justice affirmed. For more than two decades, Vanity Fair published Dominick Dunne's brilliant, revelatory chronicles of the most famous crimes, trials, and punishments of our time. Whether writing of Claus von Bülow's romp through two trials; the Los Angeles media frenzy surrounding O.J. Simpson; the death by fire of multibillionaire banker Edmond Safra; or the Greenwich, Connecticut, murder of Martha Moxley and the indictment decades later of Michael Skakel, Dominick Dunne tells it honestly and tells it from his unique perspective. His search for the truth is relentless.

Customer Reviews

Dominick referred to himself as an observant outsider & that description fits his style very well. His observations were fascinating to read; he could capture moments in such a way as to put the reader right there in the courtroom. He could capture a gesture, a sneer, a smirk, whatever was *really*

going on around him. He caught nuances. Having read newspaper accounts of the cases at the time & having seen the tv coverage of some of them made this book all the more enjoyable. Were there things I learned in here? Absolutely. Gossip? Innuendo? Clues? Yes. Did he leave me wanting more? You bet! This book was a light, easy read after the passage of so much time. 433 pages (no pictures or fluff) & I ordered a few more books immediately based on hints he dropped in this one. Hated to see this one end!

Great Read - Great Stories - I love how Mr. Dunne writes...like I am in the room as he is telling me the story personally! I just wish he was still alive so that I had more of his books to read!

Dominick Dunne is a phenomenal story teller, none of his trial coverages are boring. His privileged insider information and the web of friends and acquaintances helped him build a case for each of the trials he watched, thus giving us an expert position on each. A transcendental book!

I bought this for my dear Aunt, who suffers from macular degeneration, which has left her unable to read. She Loved it! My family has always been fans of the late Dominick Dunne and his chatty, spilling the beans style of reporting on trials of the rich and infamous. Included are the cases of Claus Von Bulow, Martha Moxley and O.J. Simpson. A can't miss for true crime aficionados.....

Fascinating book. I love all of his books. I even enjoy rereading them. He has the inside scoop on all the famous as crimes. To his book is a short summary of previous books he has written. He has a fun sense of humor to lighten things up. Well worth the read.

This book is full of many short stories that are pleasure to read! Like his novels it is hard to put the book down once you start reading.

I love Dominick Dunne! He always has some insider information that makes the stories a little more interesting. Although these were old cases I loved getting his take on them.

It's Dominick Dunne. What more needs to be said. You sit down in a comfy chair and listen to him tell behind the scenes stories about events you think you know.
