Arias For Soprano, Volume 2: G. Schirmer Opera Anthology

Synopsis

(Vocal Collection). The G. Schirmer Opera Anthology series revolutionized opera aria study after its release in 1991. There are so many wonderful soprano arias that a second volume was warranted. I have worn my volume one book out! So I figured volume two would be good, too. A must-have for sopranos, and it provides a wide variety as far as what type of soprano you are.

These anthologies are just beyond wonderful. They have a brilliant selection of songs and the piano part is easy to follow if you wish to play and sing at the same time. The translations in the front of the book are clear, and while not underneath the other text in the actual songs, is easily written in if so desired.

Both Soprano anthology's are are a must have for all sopranos. This edition is more comprehensive than the 1st and great arias for different fachs.

Love the selection of arias. Great Editing by an opera conductor who has heard thousands upon thousands of auditions, and who has found these particular pieces to be the Soprano's best friends. As usual with G. Schirmer, a super-useful singing tool, provided by people who know music well.

Excellent selection, very good, clear print. Good synopsis of the arias as well, which make it easy to understand the basic traits of each character. I recommend it.

Great book to have in your library as a singer and a teacher. Has a wide selection of some of the most famous arias along with translations and excerpts to help young singers understand the context of the aria.

Very nice

It's very useful.
