Never opened the book, but the questions on the software was fast & accurate, right down to our pets. I went to the Fedex Store to print them out, and spent \$20 at a notary, and now my wife & I have our Wills, Living Wills, Financial & Health Powers of Attorney's done. It is a a piece of mind!

Purchased this product before and it has served me for almost two decades. I know that it gets the job done, as after completing, I asked my attorney to check it over. I decided to update my will as some of my assets have changed and am pleased with this purchase.

Basically read my mind and created my will for me. Unfortunately now all my earthly possessions are willed to Earth Vader.

Easy to use. Don't know if it gives accurate and fill proof results, but I hope it does. Customer service is great

Just starting to use this 2017 edition. Smooth transition.

It's not enough, but it is useful.

Absolutely great product

Sent these to my two grown children.
