Customer Reviews

This book offers a simple tips about Penny, Forex, Binary and Options trading that were easy to understand. I feel more confident going in after reading this. If you want to get involved in these kind of trading, try to download and read this book. It offers some of the most common steps recommended by experts who advise on how to invest in a smart and profitable way. Overall, this book is truly helpful for a beginner like me.

This book covers the seemingly intricate workings of the market, teach you how to choose and invest in stocks, and arm you against the potential pitfalls of investing. When most people think of trading the market, they automatically think of the stock market. However, there are several other markets to be considered when you begin your day trading career. This book will discuss those other options including the obvious stock market option.

This book is a four in one book (so it sure is a bonus) on Day, Options, Stock and Forex trading and explains the concepts of these 4 trading techniques in a simple to understand manner. There were lot of examples in the book that really helped to understand the concept. Day trading is a really easy way to make money and also fast , but only if you know how to actually do it. At the end of the book there were some really good success stories mentioned that really helped to get the readers motivated and take action on the steps outlined in this book. Overall it was a really informative and good read.

The bundle of books is a vital step in learning some of the important steps in beginning the Trading and day trading career, its a good start for the newbies and will help in introducing to the readers some of the vital terms and ways of achieving the best in Day trading

I wish I would have found this book years ago. It is very helpful. The author explained the basics of trading, terminology, common mistakes, pricing, metrics, and strategies. The author also stresses to the readers the risks associated with investing.

This is a perfect beginners guide to learn about forex trading. The book is awesome detailed well written guide. I get this books set to learn about in detail so this is only a books set which give me knowledge which I want thanks.

Well for me this is a good investment of your money. I was amazed and I am impressed by how day

trading works for everyone. This is a very good book for people who are planning to enter day trading. For a beginner in day trading activities, this book is a good piece to crave information.

I was able to learn a decent amount about day trading and tips and strategies to get to an adequate level. I wish there were more scenarios in the beginner book but there are plenty in the intermediate one. DAY TRADING for BEGINNERS: Bible and Intermediate Guide to Crash It with Day when most people think of trading the market, they automatically think of the stock market. However, there are several other markets to be considered when you begin your day trading career. Trading - Day Trading Bible by Joe Bronski is a well-written book for beginners.
