Customer Reviews

Lot of fun to read, so recommended. Not something to get too engrossed in, sadly, but the character

was a lot of fun to follow. Forget the whiskey! A little too formula, but that might have been what Tripp was shooting for. We'll read it and pass it around though, and probably go for book 2.

Aug 17th, 2017 I received this book yesterday & I finished it today. It was great fun - a very good read. "Disclaimer:" I'm a 77 yr old male. Buy the book - it should be a tremendous series.

This is Jamie (girl power) Bond in space, with a touch of super powers and lots of chasing down and shooting of bad guys. Fun fluff!

Well written and easy read. Lots of action and a bit of mystery as well. Spent the entire afternoon and evening reading it.

no real start, and ended up a bit predictable... hope book 2 fills in more and not as easily guessed to ending.

Max is the perfect woman, but too bad she's so set on revenge and forget to live her life.

Good start to a series and look forward to the continuing story

This book was fast paced! Had great character development and plenty of action! If you like sci-fi, gunfights, fistfights and a descriptive story that makes you feel like you are there and seeing things first hand.... This is a book for you!!!
