HEADSHOTS: A Battlefield Z Series

Synopsis

Post apocalypse Texas. Dallas is a Wasteland. Survivors have fled for the refugee centers and all that's left are scavengers trying to pick through the scraps just to survive. And zombies. Thousands of them. People left loved ones locked up instead of killing them. It makes every house hunt for food and supplies doubly dangerous. Taylor and his buddy Rat are survivors. They'll do whatever it takes to stay alive. But when they hide out in a condo high rise, a fast decision to help two strangers sets them on a collision course with the biggest fight of their lives. Set between Overland Zombie and Lone Star Zombie in the Battlefield Z universe, Headshots introduces new characters in the world left behind after a zombie plague sweeps the United States.

A great read.

It's great, just wished they were longer

Chris Lowry & his battlefield Z series is my new obsession, & everything will be just fine - as long as I get a regular fix
