Customer Reviews

There really isn't much travel information about the Le Marche region of Italy, so I was glad to find this. I was specifically interested in Ascoli Piceno and the book had a whole chapter on this city. I was able to use the book to confirm some things I read on Trip Advisor, including the hotel I wanted to stay in plus some local sights and a restaurant where we'll be having dinner. Very helpful.

Infused with the usual Blue Guide excellence on all things historical and cultural. It was a must-have for our two weeks investigating this relatively little known area of Italy.

Very detailed coverage. Covers nearly every little town and village, as well as the obvious. A must have if you are spending any time in this area.
