Customer Reviews

Fantastic for the aspiring college student--gives a good summation and helps to guide the students as they read. It also aided me (as the teacher) in developing quiz questions.

What a lifesaver! I just couldn't get interested in the book. Came in even handier when I had to study for a test!

Very helpful in understanding the story

I appreciate how detailed the information contained in the book is.

Completely satisfied.

Great work!

Great! Bought this for my grandson.

I don't advocate reading SparkNotes (or CliffNotes) but if you are a high school/college student with a busy schedule and don't have time to read Shelley's novel, this does give a complete and accurate summary of the book's contents; it also explores the themes and leitmotifs of the novel quite well. I recommend it highly, although I would never recommend reading SparkNotes in place of the novel itself.
