Inktangle - Coloring Book

Synopsis

From the skillful hands of Fahima Aslam comes a magical series of meditative art to soothe your soul and relax your spirit. Set your inner artist free with Inktangle, the artistic form of practicing meditation through repetitive design. Whether you're completing a complex ink pattern or breathing colorful life into one, you'll find your mind engaged and your soul refreshed. One color stroke at a time, without having to worry about bleed-through: All 34 designs are printed on just one side of each book page! Some are consciously cut off, for this is an art book, not a German engineered textbook! ;) Inktangle Activity Book Coming Fall 2015.

Coloring books for Adults is the new thing. Even though this thing is really quite old. I have seen articles in the news and floating around on Facebook, and with good reason. Coloring is a calming and almost meditative practice; taking this childhood staple into the adult world only makes sense. In Fahima Aslam's Inktangle, the pictures are easy to see and easy to color, simply take a screenshot and print! Easy to do, and easy to enjoy. The pictures are varied, offering appeal for almost everyone. There are small circles to border like offerings, as well as full page designs waiting to be colored. I loved the intricate designs and the swirls that form to create flowers or soothing art. and the best part is that since the copy I bought is digital, I can print the pages again and again! Peaceful, well done and appealing, this coloring book is perfect for

yourself, or as a gift for anyone who really needs to relax.

I definitely love these and I buy as many as I can get my hands. This particular book caught my attention. It's very convenient to be able to print out the page I want to color. I can color the same design multiple times if I wish. The designs in this coloring book are beautiful. The drawings are so detailed and elaborate. There are a lot of patterns that contain flowers which are my favorite designs. There are also ones that are like paisley designs. Coloring each intricate design is so relaxing and helps me reduce my stress levels. It's a pressure-free way to express my creativity. The pictures are artistic and well-drawn. I recommend this to anyone who enjoys art, colors, and expressing their creativity and for those looking for an activity that will help reduce stress. You will truly enjoy each beautiful and meticulously drawn pattern. This was well worth buying.

Lines are extremely heavy. Too heavy for my taste. Should have returned it. Lesson learned. Will not buy from this author again.

I have done many books like this. I personally like this one better than a lot of Mandala books I have tried. The designs were beautiful and refreshing. I printed them all out and have been busy with them during my reflection time. I was able to come up with a couple of good mantras while doing these particular designs. I will definitely be looking out for more books like this from this author. I highly recommend to anybody that wants something peaceful and relaxing to do after a long day.

The abstract designs are amazing, I love having something with so much detail to color. The pictures are well drawn and it's nice to be able to print out the same page to color over and over. The layout is great too! It's such a calming book, so happy I got it!

A LOT of the images were cut off the pages.

It was misprinted and I returned it. Did not meet my expectations.
