Customer Reviews

â œThe Subtle Body Coloring Book is intriguing and fun. It provides all of us with a brilliant and kinesthetic way to learn the energy systems of our bodies while also relaxing and enjoying ourselves.â • â "Christiane Northrup, MD, author of the New York Times bestsellers Goddesses Never Age; Womenâ "s Bodies, Womenâ "s Wisdom, and The Wisdom of Menopause Â

â œWhen we live with an awareness of color, we live a more colorful lifeâ "we go from bland to vibrant, from lackluster to vital. Let yourself go full-spectrum through the conduit of creativity with this exciting Subtle Body Coloring Book!â • â "Dr. Deanna Minich, author ofÂ Whole Detox Â

â œCyndi Dale once again brings highly esoteric and very subtle energy into the realm of play and learning. What better way to learn about these powerful systems than to engage the unconscious directly by means of art: colors, shapes, and play. Although the energy systems she describes transcend easy-to-categorize shapes and contours, Dale offers a way to begin to imagine these systemsâ "and begin to feel and sense them within ourselvesâ "by leading us into the creative, imaginal realm. From there, our inner artist can begin to sense what exists all around us, but is very difficult to pin down. This is a gift to students and teachers of subtle energy, and to anyone whose inner child is yearning for both advanced knowledge and a simple way to get there.â • â "Lauren Walker, author of Energy Medicine Yoga and The Energy Medicine Yoga Prescription Â

â œAll those who need to understand the critical issue of energy anatomy can benefit from this great workbook.â • â "C. Norman Shealy, MD, PhD, founder and CEO, International Institute of Holistic Medicine Â

â œWow! Such a beautiful way to deeply learn about the subtle energy systems of humanity: meridians, chakras, and colors. Live, love, and learn with this experiential coloring book!â • â "Brigitte Mars, coauthor ofÂ The Country Almanac of Home RemediesÂ andÂ The Home Reference to Holistic Health and Healing Â

â œThe Subtle Body Coloring book is a wonderful, engaged way to learn more about the energy body and energy fields. I love that Cyndi Dale included so much information on auric fields as it is key to healing work, distance healing work, and everyday interaction in the world. I am a huge fan of this coloring book and will use it with my energy students.â • â "Dr. Ann Marie Chiasson, Arizona Center for Integrative Medicine at the University of Arizona and author of Energy Healing Â

â œThe â ^fieldâ ™ of energy medicine has become a legitimate and serious focus of study within physics and health care. We are happy for this! And thanks to Cyndi Dale, we now have a new creative option for study and integration of the fascinating concepts of the human energy system beyond scientific articles and textbooks. A lovely complement between the art texts of Alex Greyâ ™sÂ Sacred MirrorsÂ and the intellectually oriented scientific literature, Cyndi and her artist colleague, RichardÂ Wehrman, offer us both a FUNÂ andÂ meaningful method to further integrate our understanding of the mystery of our humanÂ being-ness! Through this fascinating and well done coloring book, one finds a lovely balance between â ^just enoughâ ™ text to whet our left brainâ ™s appetite for information and an artistic plethora of black and white figures with their energy anatomy, which satisfies the right brain and awaits your colored pencils and individual creativity! I will happily share this with students,

colleagues, friends, and kids of all ages! • "Cynthia Hutchison DNSc, RN, HTCP/I, Educational Program Director, Healing Touch Program; owner of Boulder Healing Touch • Cyndi Dale™s The Subtle Body Coloring Book makes the learning of energy into a fun and adventurous journey! She uses different healing modalities from a variety of traditions, which provides us with wonderful interactive overview and are cross-information between each other. I strongly recommend this unique book! • "Robert Peng, author of The Master Key • "Exploring subtle realms of healing brings together multiple ways of knowing and being. This coloring book allows us to learn and engage our imaginations in ways that embrace our expanded consciousness" and in turn invites us to harness the furthest reaches of our healing capacities. Now, sharpen your colored pencils and have fun. • "Marilyn Schlitz, MA, PhD • "I am excited about sharing this book with my students and clients. It is a game-changer for those people looking to upgrade how they dance through this life, as it is a master playbook. True healing takes place in our subtle bodies where the deepest development of our souls can emerge. Coloring is a therapeutic, harmonic practice that naturally creates an unfolding of all aspects of our mind, body, and spirit. I love this tool! • "Dr. Light Miller, Ayurvedic College for Well-Being

I returned it as soon as opening it. I have the book which I really enjoy but this wasn't a good COLORING book. I'm not a prude but the first page I opened was the Male Anus and I did not want to color that, I'll read about it but... don't need to color it in. I was disappointed at all limited amount of female figures and actual coloring pages. If you would like to really drill what all the aruas are it would be beneficial to color them all in individually but I found it very boring as far as a creative endeavor goes. Normally I would keep my personal opinion to myself but based on the photos in the listing and the cover of the book I was expecting a lot more than what I received and I want to save

other from my mistake.

I love that I can learn as I color...and on one of my favorite subjects. Customer service is great...the delivery was prompt and the product was well packaged...I am excited to begin learning and coloring in this book...the quality of this book is amazing as are the pages, details and information. I will venture to a few of their other books in time. I highly recommend this coloring book...It's better than a science class for me.

What a wonderful way to learn!! My memory is so poor when I read words... using color and creativity really brings the information to life! Cyndi is such a blessing and a wonderful source of wisdom for anyone who wants to grow as a person and an energetic being.
