Customer Reviews

I thought this would be a helpful pocket-guide to carry around with me in Paris. Unfortunately, it was too limiting in scope. Would have been nice if linked back to Michelin Red guide and listed more restaurants in each arrondissements. Particularly useless when traveling in areas that bordered 2 arrondissements because I had to flip back and forth between sections. Maps eliminated key neighborhood border areas, e.g. area around Republique that borders the 3rd and 11th arrondissements which is now a very trendy area to visit. Your best bet for a pocket guide is to use your smart phone...

Nice map

Small enough to fit in a pocket and with plenty of detail.

Great book for planning your trip. It tells you everything that's around each area!
