Synopsis

I feel I'm losing it all, everything I've kept near and dear--I'm shoving it away because I don't know how to keep my life in order anymore. What was simply fine and okay is no longer either. My world is growing into one black hole, dragging me down. I've discovered my monsters, I've found my demons, and to make sure no one goes down with me, I've given them an out. I've given Zephyr the out he deserves. But was it worth it? Just when Joey's life seemed to be getting better, one night sends her memory into overdrive. Not able to cope, she pushes away the only friend she could count and tries to cut out all the rest. When a new student walks into her class and is assigned the seat next to hers, Joey's not sure whether punch him or kick him below the belt with how forward he is. All this while fighting the urge to go back and beg Zephyr to be hers again. When the unthinkable happens, she has a hard decision to make--the hardest she's ever had to make: to stay or go.

Customer Reviews

I'm so thrown by this book right now. The story itself has amazing potential but the one thing I found myself consistently distracted by was the astounding lack of editing. Some sentences are painfully and disturbingly redundant, others are filled with blatantly wrong word usage. It's like the rough draft

was published by mistake.

This book grasps your attention from the moment you start reading it. The thoughts of a young woman with a very troubled past are very intriguing and you find yourself somehow relating to her. You feel sad, heartbroken, happy, joyful with her as she starts her path of healing. When fate takes a turn, your heart drops to the bottom of your stomach, leaving you wanting more. Everything is well written and the scene and atmosphere are described greatly, it needs some editing, but besides that, I'm hooked.

Josephine's father was arrested for the murder of her mother, sister, and brother but she physically survived his brutality. She has put her trust in man and herself to overcome the demons taking residence within. She leans to her understanding rather than trust in God. Her father escapes prison and is believed to be in pursuit of her. Police officials come to offer her refuge but she delays because she wants to march for her early graduation from high school. Others suffer for her decision and she is kidnapped anyway. Psalm 37:23 "The steps of a good man or woman are ordered by God and he delights in His way." She had guilt issues because of her family's death but she was too young to make a difference then now she could have been less selfish.

Nessa has managed to accomplish something that very few authors do for me - leave me wanting more. I have an almost desperate need to know what happens next. I love the characters and the plot. My only complaint is the same as the first book in the series - editing. There are incorrect word choice issues in every chapter. They aren't glaring but they are noticeable. Melissa's work deserves a great editor so that nothing detracts from her wonderful tale.

After what this poor girl has gone through, and the tightened security all about her, you mean to tell me they just miss the beat for one night (the night before she leaves) and leaves her wide open to her father's evil rampage? It was too unbelievable for me. The ending just left me weary with this young girl's plight.

Ok.... Much better with this second book! Wow!! The storyline just keeps getting better! Now... I'm only giving you two minutes to finish the third book!! Hahaha. I love these characters! In this book you are going to see and feel many emotions! You will laugh, cry, get angry, worry, and more! WTG Nessa! You are showing your ability more in second book! Can't wait to read the next one! So get

busy girl! LOL... A lot less grammar errors in this one, but still a few that can be easily overlooked. So happy to see how far you have come.

WOW. This book was incredible. Just like the first one, it left me NEEDING MORE. PLEASE hurry up with the third book, please please please Nessa. It was an incredible book.

The whole time I was reading this I wanted to strangle Joey. She seems so weak to me, it was just so whining and childish. "I love him, but I'm so damaged he's gonna get hurt." Blah blah blah! I only got through half the book before I was over it. Thank god it was only \$0.99! Not a fan at all
