Customer Reviews

Sure some of the art looks like a kid in high school did it during lunch but most of it looks pretty great (especially in a dark room lit only by candles). The readings have been VERY consistent and accurate but that's probably more thanks to my ancestors ;) Great learning tool for those who want to read runes and have the feel of Tarot.

This is a great way to expand your knowledge of the runes with neumonic devices beyond the rune alphabet.

Bought them as a gift for a friend and she adores them, suggests them to anyone either new to runes or wanting to review the basics.

Bought them for a friend & she really loved them!

I love this deck is wonderful!!!! recommend to buy it for all rune lovers, to me is easier to read with this deck

These are awesome cards. The artwork is really good and very symbolic. These are a great alternative to staves or stones.

Wonderful

Fabulous deck and speedy service.
