If you are thinking of getting into the Airbnb hosting business, before you do “ download and read this book now! You will save time, money and frustration. I have extra space in my home and I live in a very popular international destination city. I have often thought about renting this space to vacationers for short-term rentals but did not feel I could do it. I was worried about screening, having strangers in my home, and how to get started let alone do a great job “ I simply had no idea. I found this book and read it “ I am so glad I did! I am excited about the possibilities in regards

to being an Airbnb host and now I am confident, with the knowledge I have gained, that I can do this without expensive mistakes and unnecessary worry. This book is technically well-written and entertaining as the author shares their own personal experiences as both an Airbnb host as well as traveler. The ten steps are well detailed, no filler here, and full of fantastic ideas that will help you earn profits and stand out from the rest. Great book! Sound advice and enjoyable to read.
