Telecommunications & Sensors

Customer Reviews

How do people use communication technology today? They use it to help them communicate faster, farther, and more often than ever before. They use it to exchange information, not only with other people but also with machines and with animals. At work, people are using communication technology to become more creative and more productive. In school, they're using it to learn new things and explore their own interests and abilities. At home, people are using communication technology to stay informed, to be entertained, and to keep in touch with family and friends.
