my wife bought this book to help her get a novel published. We have both learned a tremendous amount of information in the short time that we've had the book. some material in the agents section may different from what is currently on their websites but not by much. My wife writes all in the book with her comments, as well as highlighting. It is an essential for anyone who is trying to get published. I wish my wife the best of luck, without the book, i'm not sure she would have known which direction to go in.

super excellent guide.....lets you know what editors think, and who agents want as authors, and

bring you up to date with nowadays publishing scene....excellent excellent guide!!!!

As an Editor/Proofer of numerous novels and books written by friends and colleagues, Jeff Herman's publishing guide is an EXCEPTIONAL resource.

This is the second time I have bought Jeff Herman's book. The first time was 21 years ago and it helped me get my first book published - All You Need to Know About the Movie & TV Business. Now I need his help again with other book projects. I love that Jeff keeps the book up to date. I know there are other helpful books about book publishing but this book was all that I needed.

Great book, wonderfully written, with waaaaaaaay more value than you shell out for. All around gem. Recommend to any writer or agent.

A very helpful resource. It's just a collection of info that you could find elsewhere, but having it all compiled in one book saves tons of time and effort.

Excellent introduction to self publishing on . Covers a lot and presents his thoughts well.
