Customer Reviews

There's twenty-one pages. Those twenty-one pages contain a page on rules (not all the rules, an

advertisement for a scrabble a machine and a list of the 124 two-letter words with plurals. That's it.

How can you call it a dictionary with only two and three letter word as?At least be honest in your advertising.

There is no value in this "book". It is a joke Not even worth looking at if it was free!!!
