The Gods Of Eden

Synopsis

They Came To Earth Millions Of Years Ago To Spread The Poison Of Hatred, War And Catastrophe... They Are With Us Still... Human history is a seemingly endless succession of bloody conflicts and devastating turmoil. Yet, inexplicably, in the light of astonishing intellectual and technological advancement, Man's progress has been halted in one crucial area: he still indulges the primitive beast within and makes war upon his neighbors. As a result of seven years of intense research, William Bramley has uncovered the sinister thread that links humanity's darkest events -- from the wars of the ancient pharaohs to the assassination of JFK. In this remarkable, shocking and absolutely compelling work, Bramley presents disturbing evidence of an alien presence on Earth -- extraterrestrial visitors who have conspired to dominate Humankind through violence and chaos since the beginning of time... a conspiracy which continues to this very day.

"A Truly Momentous Work...A 'Must Read'"-- UFO: A Forum On Extraordinary Theories And Phenomena

Trying to stay conscious in a brainwashed world is tough, books like this make it easier!

A good book, VERY controversial. Tells of the origins of the religions and wars. After the first 50-100 pages I can't put the book down. Highly informative. Should be a book for high school or college reading.

I wish I could have read this when I was a young person. It would have made history and life make a lot more sense.

Everyone should read this book. Eye opener makes more sense than our made up history and religions.

If you stumbled across this book, there is a reason, I suggest you read it. I do not agree with all of the interpretations in this book but it is an idea whose time has come. It is necessary. If what you read in this book reaches you in a compelling way, I would also consider reading "the other America" by Carl Stegmann. And also an essay you can find on the internet called "the advent of Ahriman" by Robert Mason. You could follow that by watching the movie "Thor" and "The Avengers" the latter is currently playing on Netflix. Good luck on your journey.

Why are there wars? Why does it seem that no matter what we do, there continue to be wars? Read the book. Very interesting.

Well. The book is great. Love it. Well written. Great detail in banking and religion on the Custodians or UFOlogy. Just what I enjoy burying my head in. If this is also your subject of interest then you will get what the author is saying too. Happy reading

Very good. Really makes you question what reality is.
