I can't even describe how much I love this book. I've only had it a day and have already done two recipes. The doughnut holes and jalapeño poppers. Pictures attached. If I had more ingredients I'd be busy making everything all night. Buy the book and make the poppers! Best poppers I've ever had. The recipes are well written and easy to follow. The pictures are gorgeous. I have many cookbooks, this has easily become my favorite. Quick easy delicious meals.

First of all, JL is a real person who cooks real food - she doesn't try to pretend all vegan food is HOLY or HEALTHY - she goes more for DELICIOUS and cruelty-free.. I love this book and my air fryer is one gadget my husband will use without question or fear.. he's a bit intimidated by the pressure cooker, but the air fryer gets daily use here! I'm eager to attend a "live" demo soon and to use this book for amazing recipes and advice. Hey - I try to cut oil and fats and because every recipe is a SUGGESTION of what worked for JL and multiple testers.. that doesn't mean we can't change it up to suit ourselves! I already love this book - it's gorgeous (much like JL herself), the recipes make sense, the feel and texture of the book itself are wonderful.. so glad I've got it!!

The Jalapeño Poppers recipe is DELICIOUS!! Like the 4th of July in my mouth! Thank you, J.L.

Great variety of wonderful recipes.

Very helpful

Great recipes, instructions and illustrations.

This book has brought me so much joy and some super tasty and healthy crispy food!

All the different ways you can use that Air fryer. I found it Very Useful, because the recipes didn't rely on hard to find ingredients.
