Customer Reviews

This book is a little repetitive but there's a lot of good advice in here.

Great price for the book.

A lot of note and answer in the book! It's bad

Helpful

This was a book required for my son's remedial English class in college. Although he has severe learning disabilities, he has been able to make good use of this book, even though it's a trial for him.

Good for both learners and native speakers. It's got a lot of words derived from Latin, prefixes from Greek and Latin and a number of useful examples in which the words are used in their primary meaning as well as transferred meaning (e.g. inundated with letters).

great

well its a college book don't judge me
