# Luke's Crusade (Assassin's Loyalty Book 3)

## Synopsis

As an Assassin, Luke has learned to trust only a limited number of shifters and his fellow Assassin's Loyalty members. When he makes a promise to one of his few friends, his new mate, Conner, to find the Mountain Lion that saved him, Luke had no idea that his world is about to change. Calvin knew he couldn't let the slavers capture his friend Conner, a rare Koala shifter, so he sacrificed himself so Conner could escape. After he killed his first master, he ends up on the auction block losing what little dignity he had left. He didn't think things could get any worse until he was purchased by an Assassin! Both Luke and Calvin quickly find out that the other changed his world for the better, however there is a pesky problem of a bounty on Calvin's head and why would Mitchell from the Coalition be visiting the mansion to speak only to Calvin?

## Customer Reviews

Connor was captured protecting his best friend. Alone scared and standing on an auction block.

Enter Luke an Assassin who has been searching for him. Escaping the auction is just the beginning

of a wild ride. Shane, Mitchell, and Carson appear (these are characters from the Lost Shifters) the Loyalty rally around Luke. The story is first rate, but it is marred by proofing errors, it happens.

Great addition to this series. If you like the other Assassin's Loyalty books, you will love this one as well.
