## Customer Reviews

Spain's self-taught golfing superstar has won over 50 tournaments in 15 countries. As an exponent and example of self-instruction, he unravels along with Andrisani the methods and benefits of teaching oneself. The book breaks down into five logical parts covering swing techniques on both long and short shots, from driving to chipping to putting. In "Part Five: Beyond Mechanics," he delves into seldom-found advice on "Practicing Right" and "Living Right." A handsome and informative large-format book with color inserts, line drawings, and action photos, this is an excellent choice for golf collections. Eugene J. Millich, formerly with Univ. of Wisconsin Lib., La Crosse
