Gaga

Synopsis

A book that's as eye-catching, over-the-top, and fabulous as Lady Gaga herself--now with 16 more fabulous pages showcasing the star's latest outfits, performances, and appearances! The Grammy® Award-winning Lady Gaga has taken the world by storm, setting sales records and becoming a style icon. This lavish volume examines the Lady's history and phenomenal rise, her music and videos, and her unique look and chameleon-like nature. Chock-full of photos that capture Gaga from childhood through stardom, it also includes images of those who have influenced her style and an appraisal of her place in the pantheon of performance artists. Gaga is a must-have for the millions who love this very special performer and celebrity.

Customer Reviews

Pop music writer Morgan (coauthor of *The Art of the LP*) presents more than 100 mesmerizing color photographs that trace the rise to fame of the charismatic, inventive singer-songwriter Lady Gaga. He begins with her childhood on Manhattan's Upper West Side, her study of classical piano, playing in clubs at age 16, and her enrollment at NYU's Tisch School of the Arts at 17, followed by her emergence on the New York music scene in 2005. Her debut album, *The Fame* (2008), sold more than 10 million copies worldwide by 2010. Morgan profiles precursors and influences, from Andy Warhol and British designer Alexander McQueen to David Bowie, Boy George, Grace Jones, and Australian performer Leigh Bowery. He details her frenzied concerts, innovative narrative videos, and wild wardrobe--all displayed in glossy, full-bleed color that makes this splendiferous oversize (9-in.~12-in.) volume a hip optic delight. Curiously, with dozens of imaginative images to choose

from, the Elizabeth Mihaltse jacket design is muted, blurry, and lacks impact. Nevertheless, it's inevitable that thousands of "little monsters" (as she affectionately calls her fans) will wait in bookstore lines to googoo over Gaga. Johnny Morgan is the co-author of *The Greatest Album Covers Ever* and *The Art of the LP*. An editor, author, and journalist, he has contributed to a variety of popular music-based titles and written several music reference titles.

The book is great. I got it for my older brother for his birthday in a couple weeks. I know he'll like it, but the cover is damaged and I don't know why. I normally wouldn't care about that, but when it's a gift that's definitely a problem to me. You can't really see it in the picture though That's the only reason why I gave it 4 stars. Please work on being careful with your books!

I think that this is the best book yet I have gotten on Gaga! It has so many nice pictures and it also tells about her in her early days of getting started. To all that think she is weird I feel quite the opposite. There is something special about her I cant put into words. This book made me understand her better and only love her more. You wont waste your money and you will be pleasantly suprised when you get it!!!!

I bought this book for my friend's birthday and she was so excited. I gave it to her as soon as I received it, so I didn't get a chance to read through it, but I watched her do an initial flip through. The pictures I saw were amazing and I can't wait until she reads it because then it's my turn. A perfect gift for any little monster, for sure.

The book was smaller then a expected but it's pretty big... It has really nice pictures and the book is really cute and cool

Very interesting book

Great buy !

I loved this book on GaGa alot of pics and intresting highlights of the pop icon

super nice book
