Customer Reviews

This book is a quick read and is most helpful for those who have never been to Mauritius. Although the information is helpful, the style and format are more reminiscent of a travel brochure. If you've already been to this country, then the book will have little value to the reader. If you are planning a trip to this part of the world, another book may be needed to supplement your research.

This book is a great read. I was really pleased with the content. I've been to the island and it is beautiful. I look forward to going again. This book is great for people who are looking to visit the island.

Wow! This was a really good read. Excellent book for people who love to travel. I highly recommend
