Legalines: Wills, Trusts, And Estates: Adaptable To Seventh Edition Of The Dukeminier Casebook

Synopsis

Legalines gives you authoritative, detailed briefs of every major case in your casebook. You get a clear explanation of facts, the issues, the court's holding and reasoning, and any significant concurrences or dissents. Even more importantly, you get an authoritative explanation of the significance of each case, and how it relates to other cases in your casebook. And with Legalines' detailed table of cases, you can quickly find any case or concept you're looking for. But your professor expects you to know more than just the cases. That's why Legalines gives you more than just case briefs. You get summaries of the black letter law as well. That's crucial because some of the most important information in your casebooks isn't in the cases at all – it's the black letter principles you're expected to glean from those cases. Legalines is the only study aid that gives you both case briefs and black letter review. With Legalines, you get everything you need to know – whether it's in a case or not!

Customer Reviews

Excellent book for understanding Trust Wills and Estates for Law School. Practical explanations along with cases keyed to the casebook. This is really helping me in my law studies.

Great product. Very simple language for all of the cases. However, beware that a new edition of the text book came out within the past couple of years so not every one of the cases in my new edition of the text book are covered in Legalines. Very good product though.

I was very happy with my purchase. It came in the condition as promised and sooner than expected. I would definitely purchase again from this seller. Thanks!
