Bolivia Travel Reference Map 1:1,25M

Synopsis

As a travel destination, Bolivia definitely ranks among the routes less travelled! However, it is a fascinating country and well-worth visiting. We have printed this edition on plasticized paper for durability, as one will definitely need a map to get around this mountainous country. The map shows the road network to best advantage, with distances between communities whenever possible. Touristic sites are noted, and elevations, parks, and reserves. Inset maps of La Paz, Potosi, and Santa Cruz de la Sierra are included.
