Romans: Grace And Glory (The Passion Translation): The Passion Translation

Synopsis

The love of God is so rich it leaves our hearts full of heaven. When we believe in Jesus Christ, he pours his Holy Spirit into our hearts until every sense of abandonment leaves. We become children of God, sons and daughters of glory, who follow the Lamb of God. Do you want to be enriched and discover the heavenly treasures of faith, grace, true righteousness, and power? Plug into the book of Romans and you'll never be the same again. Truth always sets the heart free, and nothing can free you more than the truth found in Romans. Gifts and glory are waiting for you to unwrap and make your own. Live in the truths of Romans and watch how God's love sets you free!

Best Sellers Rank: #22 in Books > Audible Audiobooks > Religion & Spirituality > Bibles
#1070 in Books > Christian Books & Bibles > Bibles #29998 in Books > Religion & Spirituality

Customer Reviews

Really enjoyed this translation--it was like reading Romans for the very first time! And although I'm not fluent in Greek, this is probably how the letter would have been read/understood by those who originally received it in the first century. This translation is very fresh and a "must" to keep along side other translations.* One observation about translations: I have always been more inclined to use "word for word" translations rather than the various "paraphrase" translations, thinking that I was staying closer to God's word and what the original languages were actually saying. But reading this translation corrected one misunderstanding (or rather, corrected a flawed assumption). Greek, Hebrew, and Aramaic do not always have direct word-for-word equivalencies in English, yet even when they do, using a single word is often a poor way to translate the idea. For example, the Greek word Eros is translated "love" into English, as is Phileo, Storge, and Agape: all four can be translated as "love" in English, even though they each have very distinct meanings. So though a

"word-for-word" translation keeps the number of words even, it may actually miss some of the deeper context that should be communicated. And this is where the Passion translation seems to really shine, because it takes the meaning of the original language and renders it into English very effectively.

Passion Translation is the Best bible translation out there. Everyone of them is Excellent. Dr. Brian Simmons, Translated the Aramaic language, the language Jesus spoke into English we use today and it really opens doors to understanding, the Word, the bible better. Romans is an excellent book to change your life, your Christian walk, alive with Christ. Thank You, Looking forward to many more in the near future.

Helpful.

This book speaks to the very core of my being! Perhaps my history in traditional Christianity and 'familiarity' with words and phrases in other translations masked the real heart meaning of Romans before. The clarity of this translation uncovers God's heart as He reveals salvation and His love for the Jewish people. He moves me deep within!

An amazing work.. This translation has the fire of God all over it. I can't say enough about it I feel the spirit of God from it when I read it. I have read the passion translation book of Romans 3 times now. I will be buying the other passion translation books translated by Brian Simmons very soon.

This translation has revealed so much more to me! I see Paul in a different light. I feel like I've met the real man through words in a vocabulary that I understand completely! His message is clear.

Excellent, easy to understand translation that touches my heart. It is so wonderful to read with contemporary wording and you can experience and feel the Heart of God and His PASSION for people. I LOVE THIS TRANSLATION! I bought all of the books that have been written so far and look forward to reading them daily. They are life changing.

I will go through this study again, lots of understanding and conviction, to live in love and unity and holiness. We can all be different and be an orphan of importance.
