The Lost City (The Lost Prophecy Book 5)

Synopsis

Brohmin heads south to understand how he can stop the Deshmahne before they attempt another attack where he encounters a new ally on a surprising mission. As he tries to learn more, he discovers not all is as it seems, and is forced to work for an enemy to save someone he deeply cares for. Isandra searches for the groeliin breeding grounds with the Antrilii, needing to learn skills she never imagined while still struggling with the loss of her Magi abilities. She must come to terms with who she is to help her companions and a surprising enemy. The fibers are restored, and Raime stopped once more, but Jakob knows he must push onward so that he can defeat Raime before he finds power again. Doing so takes him from his brother, now healed from the madness. He searches for his purpose along the fibers but finds only more questions. Somehow he must find the answers he seeks, but doing so means he needs to understand what he has become and the power he now possesses before Raime steals it from him.

Customer Reviews

A little less of the endless ruminating in this installment. Still has a problem with breaking conversations in mid-stream. Conversation begins and is interrupted by the aforementioned ruminating for two or three pages. To say it's annoying is an understatement. By the time the conversation resumes, one has to page back three pages in order to recall how the conversation started in the first place. Still has lapses in his grasp of tense, but apparently he's found a better editor as they are fewer in number.

As always D.K.Holmberg comes through. Love his books. This is the 5th book of the series. I am hooked on this writer. Just wish his books were at least a dollar cheaper. Makes it expensive to read a series. He keeps his characters alive and even though he develops several characters at a time it's not hard to follow and makes you feel like your right there with them. You get so involved in the story that you don't realize that it's 3 o'clock in the morning and you should really get some sleep.

Another good book in this series. Lots of different heros and heroines to follow along with. Lots of action in this one.If you read all the previous books in this series you won't be disappointed with this one either. Highly recommended reading.

Another great book in this saga. I love the character's and the plot twists. Very well written. Recommend this saga as well as others by this author to everyone!!!

As usual I enjoyed reading this book as much as all the others and am ready to start my adventures in the next book.

I liked this book and I am reading the next in this series now.

Great read

Great stories looking forward to the next book in the series. i will recommend this to everyone who like s good read s.
