Customer Reviews

Positive words is what our society needs to hear more og.

What an awesome idea! I don't care for the sweary word books so this is a wonderful idea! I received this book to give an honest review about it and color some pages from it and I love it! It was fun deciding what colors to use and the first pages I did were the bonus pages so that I could make a positive word jar for my desk. I will include the pictures I did it with. All the pages are single

sided in this book, great for using any type of media just make sure to put something between your pages if using wet media.
