The Wolf Of Kisimul Castle (Highland Isles)

Synopsis

"The Wolf of Kisimul Castle was a delight to read. It was heartwarming, had me laughing and crying. This book is a must read!" - USA Today bestselling author, Madeline Martin. Mairi Maclean is kidnapped on her wedding day by the enemy of her dead husband. Taken north to the water-surrounded Kisimul Castle, she is held captive in the name of retribution. But The Wolf of Kisimul Castle soon learns Mairi is not a docile pawn in this game of war between neighboring Scots. Nor will she be frightened into walking down the aisle to wed the fierce Highland chief. Alec MacNeil is set on revenge. When he finds his enemy dead, he takes his wife to replace the one that was murdered. An eye for an eye. A bride for a bride. But Mairi is more tiger than kitten and refuses to bend to his will. Set stubbornly against one another, the passion that flares between them threatens to tear Alec's strategy to shreds. Each book in the Highland Isles series is a standalone story that can be enjoyed out of order. Adored this book! I read a lot of this genre and not many affect me emotionally anymore, but not the case with this one. I teared up at the end, and in between the author made me chuckle a few times. I believe this is my 1st book by this author and it won't be my last. Loved Alec and Mairi. Always liked a tortured hero for one thing. Mairi's got fire and gumption. There's so many books where the hero will say how brave the heroine is and she's done nothing but perhaps not whine. I won't comment and end up with a spoiler - I don't think reviews need to have spoilers, as if you're reading it you're trying to decide to read it or not. The development of relationships has a natural progression (well for a romance book), but not just between her and Alec, but also between her and the children. The peripheral characters are interesting too from the bad guys to Alec and Mairi's family and friends.

Well written Medieval Romance with plenty of action, romance and passion. The cast of characters are believable, engaging and interesting. This story grabbed me from the beginning to end, and pulled at my heart strings. Fast paced with twists and turns, danger, and finding a HEA. The plot was intriguing, and captivating. I enjoy Ms. McCollum's writing style, her eye for details, her historical reference and her characterizations. A must read!! Can be read as a stand alone. Heart pounding romance. Another hit by this author! Rating: 4.5 Heat rating: Mild Reviewed by: AprilR

Great story. Suspense, mystery, love, devotion, thrills. What I loved the best was the levity. The author does the most fantastic job of group verbal and nonverbal dynamics that I have ever read. If you thought Cullen's Christmas was good just wait till you read this book. I had tears in my eyes (and I dislike comedy). She is fantastic in her ability to encompass so many emotions in her books. A professional editing would enhance the book greatly, but doesn't detract from the writing as is. Loved it..

Love Heather McCollum's books. I seem to go through them rather quickly. This third in the Highland Isles, was both funny and heart wrenching. She really didn't want to marry another MacInnes. She just wanted to live as she wanted and to help her clan. He wanted revenge. What he got was a wife.....finally.

So far the books that I've read by this author have well-rounded, completely thought out, and with what I consider a "complete" ending. This book did not seem to have that. I would still recommend it and still believe it's an excellent book; however, I would've liked to have seen a less rushed ending.

There dogs were a wonderful addition to the story!

Almost made it halfway before I found myself skipping pages to get through 3747474747 sentences of boring monologue So thrilled with first book and first time with this author I assumed book would be as good Grace needs her own story

I read so much the books lately have become somewhat of a repeat. I was growing restless and annoyed until I found this. I absolutely loved this book so much I finished it in 4 hours. Now I am sad it's done. Will be looking into more from the writher.

great book
