Average Customer Review: 3.6 out of 5 stars 11 customer reviews

Best Sellers Rank: #229,064 in Books (See Top 100 in Books) #60 in Books > Textbooks > Medicine & Health Sciences > Medicine > Basic Sciences > Biochemistry #300 in Books > Engineering & Transportation > Engineering > Bioengineering > Biochemistry #1697 in Books > Science & Math > Chemistry

Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide Robert K. Murray, MD, PhD Professor (Emeritus) of Biochemistry University of Toronto Toronto, Ontario Daryl K. Granner, MD Joe C. Davis Professor of Biomedical Science Director, Vanderbilt Diabetes Center Professor of Molecular Physiology and Biophysics and of Medicine Vanderbilt University Nashville, Tennessee Peter A. Mayes, PhD, DSc Emeritus Professor of Veterinary Biochemistry Royal Veterinary College University of London London Victor W. Rodwell, PhD Professor of Biochemistry Purdue University West Lafayette, Indiana

I used this book as a complimentary book for my biochemistry class and it is great! Of all the biochemistry books I've seen, this one has the best pictures that show the metabolic pathways including ALL the details that go with them in a neat display. All chapters in this book start with a simple example of medical relevant topic that make the chapter more motivating to study.

Great book in perfect Conditions. Thank you

Very good book

Excellento!

The book is hard to read compare to some other medical chemistry book I have. I feel like they don't explain as well as other books.

The book was... well, as good as anything you can expect from a biochemistry book. Well written, but biochemistry. Not your average rainy day pleasure read. ;)

I liked it... But it could be better in some many ways. I have to finish it first and may be i change my opinion.

HiThe books that I purchased for my daughter who is a first year medical student were received in good time and in very good condition. Thank you and I hope to get the same service in subsequent purchases, Regards Gloria Mootoo
