Her Viken Mates (Interstellar Brides Book 11)

Synopsis

Isabella Martinez was always good at rebelling, against her parents, her school, her boyfriends. She had needs no one could meet, desires so dark no one could tame her. When her wild side gets her in trouble with the law, she doesn't think twice when given a choice between prison or transport to a new world as an Interstellar Bride. Alone on Earth, the decision was easy. But when she arrives on Viken, she learns she's been matched to not one fierce, alien brute, but three – and their desires, their needs, their demands are far darker and more demanding than her own. As enemies plot to destroy Viken's place in the Coalition Fleet, Bella will have to learn to trust, or lose everything. Her mates will feed the hunger inside her no others ever could. But their secrets will either break her heart...or set her free forever.

Customer Reviews

I LOVE this series!! I can barely put it down. I Love the world that this author has created! Such a rich universe! And the romance is definitely Steamy. I do have a species of heroes that I favor but I adore all the rest too. Can't wait for more. Keep up the good work GG!

It was a good change to have a different opening scene with the Vikens' perspective, rather than the same scene at the earth bride processing center. I always enjoy reading about strong smart women as brides too. Felt like the story went quickly it flowed so smoothly.

Sooooo hot and steamy with an awesome story mixed between!! So glad Grace took us back to Viken for this one!!! Fans of Grace Goodwin's Interstellar Bridal Series wont want to miss this!!! Cant wait to see where she takes us next!!

One of my favorite authors. The thought of three mates used to make me nervous but not anymore. I really enjoyed the strength of our leading lady and am most envious of her connection to her mates.

These books continue to deliver. I love Rager. Evon grew on me. I think but more time could have been spent on Bella's back story but overall, the story was good.

This is another good book. I really enjoy this series. I buy it as soon as it comes out. I can't wait for the next book. Which world are we going to next?

I enjoyed this book. I really like this series and have continued to purchase them as they are released. This book was a good one and didn't disappoint.

Love the story. It was full of action. The descriptions are so vivid that you are able to visualize every character, land mark. The only thing I didn't like was the end it was some pieces missing. But for a quick read it was great
