# The Bartender's Bible: 1001 Mixed Drinks And Everything You Need To Know To Set Up Your Bar

## Synopsis

Mix Drinks Like A Pro Now you can with this indispensable handbook, the most thorough and thoroughly accessible bartending guide ever created for both professional and home use. Encyclopedic in scope and filled with clear, simple instructions, The Bartender's Bible includes information on: Stocking and equipping a bar from liquors and mixers to condiments, garnishes, and equipment. Shot-by-shot recipes for over 1,000 cocktails and mixed drinks from bourbon to rum to whiskey. Wine drinks, Beer drinks, Nonalcoholic drinks, Special category drinks (tropical, classics, aperitifs, cordials, hot drinks, and party punches). Anecdotes and histories of favorite potables. And more! If you've ever wondered whether to shake or stir a proper Martini, or what to do with those dusty bottles of flavored liqueurs, The Bartender's Bible is the only book you need! A bartender, as a rule, is a person who enjoys the company of others, endeavors to solve problems, listens to the woes of the world, sympathizes with the mistreated, laughs with the comedians, cheers up the down at heart, and generally controls the atmosphere at his or her bar. A bartender is the manager of moods, the master of mixology. Certain scenarios are played out over and over again in bars everywhere. The questions are basically the same; only the details vary: What's in a true Singapore Sling? How long has the Martini been around? What's the difference between a Fix and a Fizz? A reference book is as necessary to a bartender as ice. -- from The Bartender's Bible

Still much better (in my opinion) than other similar books by other authors. This one has a great variety, including obscure and historical drinks, and organized in an easy-to-find tale of contents and glossary. What is it with new publishers ... you see less glossaries and table of contents in books these days. Glad this book took the time and consideration to make a quality catalog.

Great for beginning. I've recently fell in love with bartending and am looking to learn drinks so I can make it my career. Thanks!

I bought this for my husband and he loves it! He says it is very informative, creative, and easy to follow. He would recommend this book to anyone starting their bartending path.

I am giving this book as a gift but while peaking through it looked very user friendly and was full of great recipes.

If I want a mixed drink with vodka in it, I turn to the chapter about vodka and it gives me several drink ideas that have vodka in them and I can make up my mind that way. If I was curious what was in a Harvey Wallbanger, I could leaf through the book until I find the entry for Harvey Wallbanger and then it will tell me the ingredients and how much to use and what kind of glass to use.I also

wanted to say that I was impressed by the fact that the seller sent me an e-mail telling me that the shipment would be delayed because of the weather. Not a lot of sellers would do that. Even though it was delayed, it still arrived earlier than expected. I would definitely buy from this seller again.

Good bartender's equipment and mixology guide.

Good Mixed Drink Book.
