Customer Reviews

Fun to read but not for children

downloaded a mobile version of this and, did get a few chuckles from it. it is pretty difficult to make me full out laugh but my 19 year old coworker thought it was hilarious. I truly thought it could have been worded a bit better... could have been more clever. but if you're looking for something raunchy to give to a friend, this could very well be a hit!

Hilarious puns throughout. Purely for adults only. This would be a great gift for THAT friend that we all have.

This book is full of dry humor! I chuckled throughout the book. It reminded me of my dad's dry humor!

I mistakenly thought this was a coloring book, instead it is a storybook. I didn't realize this when I ordered, but I couldn't be happier for my mistake. This story is cute and very funny, I really enjoyed the story.
