Customer Reviews

Not worth the one star. Bad editing. Recipes that have no ingredients from title, example Blackberry Breakfast Pudding. Ingredients are all cheeses and protein, no fruit! Is a taco! Embarrassing to call this person a published author.

The grammar and misspellings in the book made me want to get my red pen out, and correct them all. Quite a few of the recipes are a little out there for my taste. I'm not even sure where to buy some of the ingredients.

Mostly recipes. Nothing that you don't already know about low carb dieting. Thought this might be a little different. If you want recipes check it out.

So luck can get the book, he increased the confidence I lost weight, hope I can add fertilizer and lost the weight soon as pbl!

I AM SORRY TO SAY THIS BUT I HAD A HARD TIME GETTING PAST THE HORRENDOUS, BAD GRAMMATICAL ERRORS IN THIS BOOK. I AM TOUGH COOKIE WHEN I READ A BOOK, I

EXPECT THAT WHAT IS WRITTEN SHOULD BE GRAMMATICALLY CORRECT.

This book is poorly written. Whoever provided editing and quality check failed horrifically. This book is riddled with typo's, recipe's that are duplicated with wrong titles. Save your money people. I bought this to have as a quick guide when I didn't have a chance to look up stuff on my computer. I was very disappointed.

This book was so badly edited, I searched online to check the recipes. I found them alright_ under another author's name, Craig Clark from ruled.Me _he's the real author. This guy is a ripoff and I think these reviews are too. They don,t seem to understand English any better than he does. There is one thing I'm grateful for_ that he led me to Craig! Buy his cookboot, ruled.Me or ketofied.

Perfect guide for ketogenic diet. This book not only can lose your fat rapidly, it also will make you feel better, look better, more younger, better mood, be healthier, and be longevity. It is really a good book for you. It can suit for any one who want to have a better life. It will make you full of energy everyday.
