Kay Arthur is a four-time Gold Medallion award-winning author, member of NRB Hall of Fame, and beloved international Bible teacher. She and her husband, Jack, cofounded Precept Ministries International to teach people how to discover truth through inductive study. Precept provides teaching and training through study books, TV and radio programs, the Internet, and conferences in over 180 countries and 70 languages. David Arthur, chief executive officer of Precept Ministries International, came to Precept after serving as vice president of Generous Giving, where he directed communications and publications. He also served several years as a pastor in the Presbyterian Church of America and Associated Reformed Presbyterian denominations. David has contributed to several Precept publications and teaches on "Precept Upon Precept" videos. Pete

De Lacy, executive vice president of published products for Precept Ministries International, is also the author of many studies in the New Inductive Study Series and a contributor to The New Inductive Study Bible and Discover the Bible for Yourself. Pete is also a featured teacher on many "Precept Upon Precept" videos.

Clear and concise, helps to avoid "chasing rabbits". Keeps the student on track. Great teaching aids to extract what the message truly is without guess work. Highly recommend for anyone who wants a deeper experience with God.

The inductive study is really amazing. You get to search for the answers. She gives you the way to study and where to find answers. And if you do one of her studies, you are asked questions to seek the answers to. She has a video for each study that you play after you are done with that lesson and she provides tons of bible verses that reference are expound on what you've studied. In the end you will find things out you never noticed before. You truly find out and get to understand who God is and how truly amazing he is. It is truly something I will use the rest of my life.

Excellent--shows how to approach a passage to learn as much as you can from it. It is a resource book I will keep in my library.

Companion workbook to the book by the same author. It is an excellent practical treatment of the inductive Bible Study method. So much richness can be drawn from the scriptures if we know how to mine it. I've been a fan of the method since I read a Navigator's study book 30+ years ago. This up to date treatment gives ideas for how to mark various words with specific symbols to catch your eye and teaches you the Why questions you can ask that will help you go deeper. This has a companion workbook and there is now a hardcover Inductive Bible Study Bible with wide margins to keep your notes permanently. It follows the basic guidelines of Observe, Interpret and Apply. Lots of charts, worksheet and other tips. I plan to use this with my small group to teach them to go deeper in the scriptures. The workbook gives you worksheets for doing your own study using the inductive method. This is not specific to any denomination or set of teaching.. just a way to ask questions and examine the scriptures for yourself!

Super hands on book that takes you right through the process of Bible study. The book taught me how to get so much more from my time spent in Bible study.

Excellent for learning all the valuable tools for studying, interpreting and applying the truths in God's word to transform your life. Precepts.org also sells this study and much more, but I chose to purchase from for kindle version and also free shipping for paperback

This Bible has changed the way I study! I love the wider margins for taking notes, but this Bible is filled with pertinent tables, illustrations, maps, etc., that really make it quite a single resource. If you're looking to deepen your study you also have all the pages on the inductive system and some very helpful tips on Observation, Interpretation, and Application. I am very glad I bought this!!!

Fabulous resource! I keep ordering copies of this book to give away! I was one of the many who grew up in the church but had never been taught to study the Bible in this life-changing way. This was the key that unlocked the Truth for me!
