Customer Reviews

This coloring book was designed for men or women who are in to high performance vehicles.

no inside flap

Too abstract. Felt like an impressionists rendering of muscle cars. Was purchased as a Thank You gift, and I would have bought something else had I known

my son loved it

Very nice quality pages, and nice "adult" style coloring pages with lots of detail.

Purchase this for my Grandson for Christmas. In August at the age of 17 he had a brain bleed was

such a shock since he did nothing to cause it. He was in intensive care for 3 weeks unaware of much. He wasn't expected to live. He had to relearn to walk, talk, eat, everything he use to do. He wanted something to train himself to write and relearn to use his hands again since he wants to be an architect and he mention coloring books. He loves this and I purchase another on here. These are doing the trick and want to say thank you for whoever designed it. His penmanship and coloring is improving as he is having fun doing it.

Good book of you are into muscle cars.

I wasn't too crazy about this book when I got it but gave it to my Grandson for Christmas. I told him he didn't have to work on it at all if he didn't like it, as I gave him quite a few others that I know he will like. We'll see...

I've been wanting to get my husband into coloring for a while now and I'm glad that I have finally found a book that he will color with me. We both enjoy this book so much! My only complaint is that now he wants to buy a muscle car.
