The Art Of War: The Definitive Interpretation Of Sun Tzu's Classic Book Of Strategy

Synopsis

Learn the strategy and philosophy of China's greatest military theorist with this highly readable and informative edition of *The Art of War*. *The Art of War* by Sun Tzu is the best known and most highly regarded book on martial strategy ever written. Although its wisdom is from ancient China, its principles and advice are timeless "as applicable to the boardroom as they are to the battlefield. Unlike contemporary translations that have focused too heavily on applying this military classic to corporate conflicts, this definitive interpretation maintains the impact of the original. Written for martial artists by a martial artist, it is free of academic commentary and ambiguous metaphors, as Hanshi Kaufman uses straightforward prose to explain Sun Tzu's message. Like the original, this new interpretation is divided into thirteen sections, each presenting vital information on military strategy ranging from assessing opposing armies and the proper treatment of troops to the use of spies.

"Kaufman Hanshi has gone beyond the simple idea of translating the books, and instead works as interpreter, speaking specifically to the martial artists out there." "Martial Thoughts blog

Sun Tzu's *Art of War* is perhaps the best-known and most highly regarded treatise on strategy yet written. Compiled well over two thousand years ago, its principles are as applicable to the boardroom as they are to the battlefield. Unlike contemporary translations that have focussed too heavily on applying this military classic to corporate conflicts, this definitive interpretation maintains

the impact of the original. Written by a practicing martial artist, it is free of academic commentary and ambiguous metaphors, as Hanshi Kaufman uses straightforward prose to explain Sun Tzu's message. Like the original, this new interpretation is divided into thirteen sections, each presenting vital information on military strategy ranging from assessing opposing armies to proper treatment of troops to the use of spies. Whether you are a student of the martial arts or a corporate warrior, this book will enable you to fully comprehend Sun Tzu's powerful words.

Being familiar with Kaufman's presentation of the Book of five Rings available from the same publisher this version of Sun Tzu is a good English language translation. Keep in mind that Kaufman offers these works from a decidedly modern perspective and in an extremely pragmatic fashion. Devoid of footnotes and references save for the brief prefaces Mr. Kaufman provides them as serious study guides nonetheless. Highly recommended Reading for strategy enthusiasts.

This is a good book about the way of war. If you want to know the art of warfare you can start by reading this book.

im a self trained martial artist, I study wing chun, jeet kune do, muay thai, taekwondo, judo, boxing, and Japanese sword fighting, as well as the art of concealment and so on.. this book gives you a great perspective on life in the modern world such as work strategy, dealing with every day problems as well as martial arts strategy and ofcourse a way to approach any conflict. read this book its better than any self help book I believe

This should be mandatory reading to EVERYONE by grade 6. It is timeless in its application of the progression of successful thinking to attaining a goal in life.

as expected

I needed this book for a class but it is much more useful for office politics and will use it for more than the class!

Best version of this title available.

I bought this book recommended by my Business Adm teacher but I didn't know which version of it

to get...after much research I decided to get this one and did not regret! Can't put it down...very easy to read and not too long...Shows you how to be a good leader and how to act both in the boardroom and in the "real world"Awesome purchase, .com was great as expected.
