A good and interesting take on one of the more misunderstood Traditions. Even if you aren't interested in the 'Christian' Tradition, give it a shot...because it turns out that is not quite what they are. Loved the book.

I have found this Tradion Book to be written in a style that is as entertaining as it is informative. This book gives excellent information about the many factions and religions that comprise the Celestial Chorus. It also helps to dispel the stereotype about the Choristers being a group of fundamentalist Christians. If you have any Choristers in your game or even if you are considering having a Chorister in your game, I highly recommend acquiring this book.
