My son loves this book! He likes the tabs and the brightly colored pictures. He spells out each character using the title on each page. Although there is not a storyline (it's informational text introducing each character) he is still a big fan of this book. I was expecting a plot but my son is not the least disappointed.

Not really a story book. More informative about the show's characters.

Such a great gift for Bob the Builder fans! I always gift this to people for baby showers or to young

toddlers and it's always a big hit!

Bob's always a hit....with twins....nice to have a second copy~

My grand kids love it seeing the characters in photos no story line but that was fine for us

My son loves this book!

Our son loves this book!

I didn't realize that it wasn't a story it just introduces you to all the characters. Good quality and everything just wish I knew that.
